\$1.00 Per Year, In Advance

DON'T carry around a great amount of currency. If you do you are beset by two great evils. One is the temptation to spend readily. A man with \$100 in currency in his pocket is freer to spend than the man with little currency. He is more apt to break a ten dollar bill than he is to draw a ten dollar check.

The other evil is the bait offered to thieves. A man who is known to carry a large sum of money in his possession never can tell when he will be set upon by a highwayman. The wealthiest men in the country seldom carry large amounts of cash. When you accumulate a goodly amount of currency deposit it in the bank at once.

THAT IS THE SAFEST PLACE FOR IT.

MECHANIC-ST. CHURCH OF CHRIST
Mothers' Day, May 14th
"The mother in her office holds the key of the soul, and she it is who stamps the coin of character."
Mothers' day always comes the second Sunday in May. It should be a day of sacred joy. The occasion should appeal to the noblest and tenderest and gentlest in all. Every individual should remember mother on this day. Remember her by a simple message of love and cheer for her love to you. Honor her by attending church and Sunday school out of supreme respect for her. Honor her by honoring her God.

Let us make Mothers' Day a big day in our city. Let babies and mothers be guests of honor in our schools and churches.

I am glad to announce that Charles B. Drake, of Lawrence, Mich., will be with us both morning and evening on Mothers' Day. Let the members and friends be present and give Bro. Drake a good hearing.

Sunday school 11:30. Every teacher and scholar present. You're doing fine.

Young People's meeting, 6:30.
Another warm subject up for discussion. Subject—"The Gospel Applied, Saul's Conversion." Just what it took to save Saul, the worst of sinners, it will take today. Come and see.

Evening service, 7:30 local time.

Chas. B. Drake will preach. Remember the day will be in honor of mother. Welcome to all.

Eldred Charles, Minister.

CIVIL SERVICE PLAY.

Twice Given in Our City and Well Received and Largely Attended at Each Performance.

That a repetition of the "Civil Service" play was called for proved its worth and successful rendition at its first appearance on Friday evening last in Central hall.

The audience filled the hall to its doors to hear this popular drama and the overflow made a splendid show on Tuesday evening when it was presented the second time. The play had come highly recommended and was undertaken by the ladies of Mrs. Reid's division of the Presbyterian L. B. S. It was given in charge of Mrs. L. Roy Fuller, whose careful training through a few weeks of practice showed its results in the great success achieved.

The ladies and all who took part certainly appreciate the reception given each night and feel amply rewarded for all their work.

As the name "Civil Service" indicates the scene is laid in the postoffice of a small city and the naturalness with which the postmaster, L. Roy Fuller, and assistants, George Stablerford and Rawley Hallman and the little stamp clerk, Georgia Beavis, all took their parts, won much favor.

Old F. P. D., the veteran mail carrier was a great character and his story reached every heart and almost every eye. Dr. V. A. Lacy did himself proud with this.

Helen Harrington acted the part of the postmaster's daughter splendidly. She broke the heart of poor Rawley with practiced ease, but it was later mended by the little stamp clerk.

The fun of the story centered in the characters taken by Clifford Hutton and Mrs. Fuller. Everybody was convulsed with laughter at the actions of this green country couple.

Mrs. Marion Martin taking the part of a collector, did her duty well, and the postoffice inspector, Roy Sweet, was admirably fitted for that position.

Another good character was that of Mrs. T. R. Jeffs, and she was represented so ably by Mrs. Mabel Phillips, that she merited distinct approbation.

In fact each actor should and did receive merited praise on the excellent work done throughout, and the goodly sum of money taken in at the doors remains in our own little city, and will be a potent factor in improvement and the beautifying of church property, a good cause.

O. E. S. Installation.

A full program was on Wednesday evening in Masonic hall when Yale Chapter O. E. S. held both initiation and installation ceremonies.

Mr. and Mrs. Fred Taylor, William Russell and James Gathgood were the candidates to receive the right hand of fellowship in the Order, the work being done by the retiring officers.

Following this, the newly elected and appointed officers were formerly installed by Mrs. Jennie Pilkey, president of the County Association, who was the guest of honor for the evening.

After the ceremony of installation, Mrs. Howell, Past Worthy Matron, in behalf of Yale Chapter, presented Mrs. Pilkey with a sterling silver spoon, with a star engraved upon it. Mrs. Pilkey received the gift with a few appropriate remarks.

The evening ended very pleasantly and sociably with a delicious lunch. Below are the officers for the ensuing year:

One Postoffice to a County.

If a Democratic measure now before Congress becomes a law, there will be only one postoffice in each county. One office centrally located will handle mail with rural routes radiating from it and sub stations where needed. Under its terms 50,000 postmasters would be out of a job but the offices might remain as sub-stations with an official in charge appointed by the postmaster of the county.

KEEPING UP TO THE MARK.

"Spring fever" is not always a joke. If you feel dull and sluggish, tired and worn out, suffer from backache or weak back, rheumatism, sore muscles, stiff joints or other indication of kidney trouble, it will pay you to investigate Foley Kidney Pills. They are highly recommended as prompt and efficient aids to health. H. T. Hennessy, adv.

Here's Why G. & B. PEARL Wire Cloth Stops Screen Expense

Painting—repairing—replacing screen—those are the expenses which make inefficient wire cloth a source of annoyance and money loss. When you screen with genuine G. & B. PEARL you do away with painting, repairing, replacements—simply because PEARL is rust-proof as metal can be made, consequently makes a screen that's practically wear-proof.

G. & B. PEARL represents true screen economy. It outlasts all imitations so far that no other similar appearing wire can be placed in the same class. From points of appearance—durability and economy G. & B. PEARL is the one choice of the man who wants permanent protection.
